Make sure your dog doesn't think the sweets you have out are its treats. Candy, especially chocolate, cake, cookies to name a few can trigger a trip to the vet.

As the holidays approach we can get stressed; thus, our dogs become stressed and their behavior can change. Keep pets in a quiet area away from commotion. Remember a relaxed dog is a "good dog".

Poinsettias can be toxic. Check any holiday plants you receive to make sure they are safe. Rule of thumb, keep your dog away from plants.

Most dogs think the Christmas tree is full of hanging toys for them. Keep your dog away from the tree! You will have an unhappy dog but a safe dog.

For more information on Holiday Safety please visit.....

<http://www.westie3.fatcow.com/EDU/Safety.htm>

HAVE YOU EVER CONSIDERED FOSTERING???

Our small group fosters every Westie we place. We are always searching for new foster homes. We look for:

- Adult home (no children under age 10)
- Fenced yard preferred but not required
- Willing to work with your foster dog on issues such as housebreaking, barking, medical issues, etc.
- Working families CAN foster

Somewhere there is a Westie waiting for YOUR help. Talk to us about volunteering today.

Please contact
Barbara Engerer
734-455-4846
BEngerer@AOL.com
for additional information.

IS THERE ROOM IN YOUR HEART?

There are more rescued Westies and fewer applicants than ever before.

Westies aren't for everyone but they might just be right for you.

- No children under age 10
- A fenced yard or willing to keep the dog on leash
- Time and love to give and receive
- Room in your heart for an adult dog who has lost his or her family

Please go to <http://www.westierescue-mi.com>, print our application, fill it out and send it in.

There may be a Westie just waiting to hear from you.
