

Foster homes

When we did the insurance paperwork and also when we have filled out some documents for shelter release of dogs to us, they ask "Do you do home checks of your foster homes?" "How often?". This is something we have been pretty lax about. Some home checks were done years ago. And few were documented. So, it is time we begin to do something about this.

Please do not be surprised if, at some point in the next few months, you get a call from a Board Member asking to visit and do a home check. This time around we will be sure to document such home checks and keep them on file in case we are ever inspected by any agency.

We wanted to let you all be aware of this so that no one is surprised or offended when they get the call.

Thank you.
