

Jake in the backyard

Jake in obedience

Remembering Glennie

*December 2015*

*Jake and I have had a busy year fostering. Starting early in the year we fostered two puppy mill girls, Poppy and Betsy. When they left, we took a little girl named Zoe whose mom had cancer and couldn't care for her any longer. Then we had Daisy, Stewart, Mandy and Willie. Willie took both of our hearts but he did find a "forever" home and left us in November.*

*Jake turned ten this year and has had a lot of trouble with pain issues. He has a condition that pinches the nerves at the end of his spine. So we are reducing his activities so that he doesn't have to jump. That means he is now mainly doing Nose Work which he loves doing. He is feeling much better thanks to Dr. Petty and Dr. Theodoroff.*

*We wish you a good 2016!*
